

Professional Development

Educators receive lessons and tools to use with their students with all our PD!

Let STEM Fuse help you take your students to the next level by providing educators the tools they need to be highly successful! Our PD team are educators themselves and understand the demands that today's educators have on their time and energy.

3D printing in Everyday Lessons

Option 1: 3 hour virtual or *in person

\$2500 per session

Option 2: Full day in person session includes training on hardware and software

\$5500 per session + travel exp

An interactive workshop for teachers to learn how to integrate 3D printing into their subject area(s).

Teachers will learn and create 3D models using Tinkercad, Blockscade, and Sculpfab. Teachers will be given prewritten lessons to immediately be able to integrate 3D printing into their classrooms.

HARDWARE: Any computer, laptop or tablet.

**Educators will receive lessons and tools to use with their students*
