Professional Development

Educators receive lessons and tools to use with their students with all our PD!

STEM FUSE

Let STEM Fuse help you take your students to the next level by providing educators the tools they need to be highly successful! Our PD team are educators themselves and understand the demands that today's educators have on their time and energy.

STEM
in the Classroom

Option 1: 3 hour virtual or *in person
  $2500 per session
Option 2: Full day in person session includes training on hardware and software
  $5500 per session + travel exp

In this interactive workshop, teachers will explore challenge-based learning activities using the engineer design cycle.

- Explore and create challenge-based learning activities using the EDC
- Explore technology and tools to assist with these activities
- Explore and create a coding lesson using Scratch and be provided with coding lessons that they can take with them and use in their subject areas

HARDWARE: Any computer, laptop or tablet.
Educators will receive lessons and tools to use with their students
